

Sistema Operativo

```
graph TD; OS[Sistema Operativo] <--> HW[Hardware]; OS <--> D[Drivers]; D <--> HW;
```

The diagram illustrates the interaction between three layers of a system architecture. At the top is a light blue rounded rectangle labeled 'Sistema Operativo'. At the bottom is a dark blue rounded rectangle labeled 'Hardware'. In the middle, to the right, is a light blue rounded rectangle labeled 'Drivers'. A long double-headed vertical arrow connects the 'Sistema Operativo' and 'Hardware' layers. Two shorter double-headed vertical arrows connect the 'Sistema Operativo' to the 'Drivers' layer, and the 'Drivers' layer to the 'Hardware' layer.
